2) Update on McCurdy Place

- CMHA Kelowna
 - i) Had a one year anniversary celebration week! The staff and participants co-created and co-led various activities including games and a raffle. Very excited to see how community has developed over the past year.
 - ii) We have had a few residents move out into market rentals or other subsidized housing placements.
 - iii) Residents are accessing peer support opportunities through both internal resources and external resources. We're excited to see our residents act as mentors for other folks in the community.
- BC Housing – no updates

3) McCurdy Place – Roundtable Discussion

- Challenges or concerns
 - i) None.
- **Opportunities**
 - i) Strong Neighbourhoods was not in attendance but encourages community to reach out about strong neighbourhood programs or any questions.
 - ii) RCMP liaison is now located at the City of Kelowna and has a different process to access information. If there are any questions or requests for information regarding community policing matters please ask. When last checked there was no indication that crime rates have increased since McCurdy's opening.

- iii) Jon Rever – Just a comment that McCurdy Place has been a really great addition to the community. There have been no concerns or difficulties from the perspective of the school district. No complaints or concerns from students or parents. RSS is still interested in any opportunities for partnership or collaboration with the youth residents.
